***Specific requirements apply. Please check EssilorLuxottica 360 (EL360) Terms & Conditions for details and list of additional EL360 benefits.

Portfolio Rebate: A brand is considered eligible if each location averages 20 net units invoiced for the specific brand on a rolling 12-month period at the end of each quarter (40 net units invoiced for Ray-Ban & Oakley and 10 units for Wearables including Meta and Nuance). In case of multi-locations practices, total brand count is calculated based on the count of active brands divided by the number of active doors. Only for brands managed through Frame Dream, a brand is considered active if above criteria is met or if the location re-orders at least 5 units through the Frame Dream portal in the current quarter. This rebate can also be earned based on quarterly sales volume per location, in case of multi-locations practices, it will be based on average quarterly sales across all office locations.

Loyalty Rebate: Rebate for \$25,000 in purchases during a half year (January – June and July- December) and growth of 5% year over year in total portfolio sales.

Focus on Frames: Members will be able to join the Focus on Frames program on the first day of each quarter. Please reach out to your Frame Dream field consultant for details about the Focus on Frames program. If you are on the Focus on Frames program, you do not qualify for the additional Vision Source program rebates outlined.

†**Lens Rebate Multiplier:** Vision Source Members who achieve EL360 Tier 3 are eligible to receive access to a 2.25X exclusive Vision Source lens rebate multiplier. Lens rebate multiplier is part of the Vision Source agreement with Essilor.
